NOVELTIES SEPTEMBER  
Supplement for catalogue 2015

# "Neo"

The optionally available LED-lights (main catalogue, page 68 and 69) – either rechargeable or cabled – are the ideal completion to put "Neo" into its true light. By using the waterproof (up to 1 m) and remote-controlled rechargeable LED-light it is also possible to illuminate the ice in the iceboxes from below – a really fascinating view! A big choice of LED-light colours guarantees spectacular effects!

The trays and bowls of the "Artisan" series are available on pages 10 and 11.

# "Neo"

The buffet system "Neo" is made of anthracite coloured resin. The matt surfaces and softly rounded edges of these translucent cuboids appear unobtrusive and modern. "Neo" unfolds its true potential if the columns are effectively illuminated. A wine cooler resp. cloche made of the same material (page 4) is a beautiful complement and blends harmonically into the system.

# "Stablo"

The highly polished buffet stands made of massive stainless steel inspire by their high grade workmanship and their delicate look. "Stablo" provides a maximum of flexibility for a modern buffet presentation, massive and bulky buffet tables become partly redundant! The shape of the cooler with a diameter of 26 cm corresponds to the already well known glass cloches. Robust resin or heavy quality borosilicate glass (main catalogue, page 45) ensure the necessary stability. The cooler can be used in the buffet stand "Stablo" XL-ring or, if positioned at an angle, the cooler may also be used with the already existing "Stablo" stands in the sizes M and L. An integration of the optionally available rechargeable LED-lights (main catalogue, page 69) creates breathtaking visual effects and puts champagne but also iced food in the limelight!

# "Classy"

DESIGN  
by  
ZIEHER

The buffet displays "Classy" are made of translucent material and impress by their fascinating texture that evokes Italian marble or alabaster. The precise workmanship of the cuboids as well as the silk-matt surface increase the fancy impression even more. "Classy" is available in the ZIEHER-system-heights of 8, 16 and 24 cm and can therefore be combined in various ways. An open underside allows an effective illumination by the optionally available LED-lights. With their different light colours, the LED-lights emphasise the appealing look and the interesting marbling of the material.

It is possible to stage "Classy" with or without lighting, strikingly eye-catching or quite decently. Whether unobtrusive and modern or playful and opulent – "Classy" fits perfectly into any surrounding!

## "Curve" – flexibility with a concept!

"Curve" is made of strong 3 mm galvanised steel with a high grade powder coating. This guarantees great stability and corrosion-resistance. The colouring in matt black or white as well as the gaps between the bars were expressly chosen by the Milanese designer Itamar Harari to make the raisers completely compatible with the "Skyline" (main catalogue, pages 10 to 14) and "Squareline" (main catalogue pages 6 to 9) systems. The attractively priced "Curve" is therefore not only suitable as a starter version but also as an optimal extension of existing systems.

# "Konkret!"

Plain lines, neutral shapes and two different colour variations put your food presentation into focus and offer a maximum of flexibility while at the same time using the available space at your buffet most effectively. Maximum reduced shapes in combination with the rough look of concrete – "Konkret!" blends in particularly well with modern architecture. "Less is more" is the motto!

The well-known light grey version is now available in an improved quality. Additionally the system has been complemented by a dark grey version.

**buffet display "Konkret!"**

8200.24L	24x24x24
8200.36L	24x24x36

The puristic flair of that system will be intensified by using glass plates. Those and other variations made of laminated plastic, slate and carbon are available in the main catalogue on pages 76 to 87.

# "Shine"

**bowl "Shine"**  
stainless steel 18/10, outside polished, food-safe coated inside (colour: ivory, not dishwasher-safe), round/oblique, double-walled

item	Ø in cm	height in cm	content in L
2261.16	15.7	6.7 / 8.8	0.5
2261.20	19.7	8.5 / 11	0.9
2261.24	23.7	10 / 13	1.6

**bowl "Shine"**  
stainless steel 18/10, outside polished, food-safe coated inside (colour: taupe, not dishwasher-safe), round/oblique, double-walled

item	Ø in cm	height in cm	content in L
2262.16	15.7	6.7 / 8.8	0.5
2262.20	19.7	8.5 / 11	0.9
2262.24	23.7	10 / 13	1.6

The stainless steel bowls of the "Shine" series are double walled and have therefore an isolating effect. This helps to avoid generating condensed water - even at elevated temperatures. Cold food stays cold and warm food stays warm longer.

The slim top edge appears elegant and filigree. The accentuated contrast between the highly polished outside and the unobtrusive finish on the inside (fine brushed stainless steel, ivory and taupe) makes that series an eye-catcher. "Shine" is the perfect combination of elegance and subtlety. It is easily changeable to achieve a variation of presentations and it is effective in its double-walled construction.

**Please note:** When cleaning the coated bowls (ivory and taupe) in the dishwasher, the coating at the rim might abrade in the course of time. Therefore it is recommended to clean these items by hand.

# "Wings"

**bowl "Wings"**  
massive stainless steel 18/10, hammered finish, six times polished

item	l x w x h in cm
2169	34x22x48
2169.01	21x12.5x30.5 <b>New!</b>
2169.02	15.5x9x19 <b>New!</b>

# "Artisan"

The buffet displays "Neo" are available on page 3.

The plane surface of the trays facilitates the service and prevents unpleasant noise. When used at the buffet, creatively arranged food can be presented appealingly and is accentuated by the reflection of the polished surfaces.

# "Artisan"

The trays and bowls of the "Artisan" series are fascinating and diversified at the same time. The inside with its perfectly polished surface creates an interesting contrast to the matt outside.

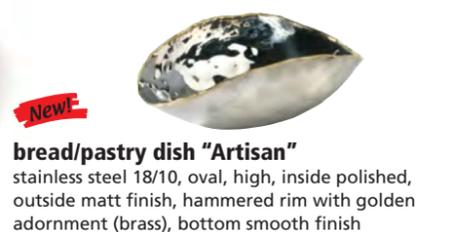

The handcrafted rim impresses by its irregularity and is crowned by a circumferential brass edge. The combination of hammered and plain surfaces, of massive stainless steel and brass, awards that series with a certain something.

"Artisan" is a series of contrast!

# "YOU HAVE NEVER SEEN WINE LIKE THIS!"

Silvio Nitzsche, WEIN | KULTUR | BAR, Dresden

## The Life and Work of Silvio Nitzsche

"Of course, there is life without wine, but who wants that?"

During a career which has spanned more than twenty years, Silvio Nitzsche has looked after both the guests and the wine as a sommelier in some of the best Michelin-starred restaurants. Some of his highest-profile positions have been:

- Sommelier at "Dieter Müller Restaurant" (19.5 GM, \*\*\* Michelin), Bergisch Gladbach / GER
- Sommelier at "Erna's Elderberry House", Oakhurst / CA, US
- Deputy Manager and Sommelier at "Speisemeisterei" Restaurant (18 GM, \*\* Michelin), Stuttgart / GER

Silvio Nitzsche has now found a new home in the city of Dresden, where he has worked as a sommelier for almost ten years. At the WEIN | KULTUR | BAR that he opened here, he and his team have managed to establish a wine bar that many wine enthusiasts consider to be one of the best in Europe. He has succeeded in creating a place where wine is a permanent feature.

VISION

## Filigree Craftsmanship meets Innovative Design

"Zieher glasses are all about top quality craftsmanship, which is created in one of the most innovative and best glass blowing work-shops in the world. Each glass is unique and has been created from lead-free crystalline glass using a traditional, handblown method.

As well as having a perfect, highly sophisticated and fascinating design, the glasses in the VISION range are guaranteed to provide maximum aroma and optimum development of the wine. However, it is particularly the fascination of the light, the colours and the visual depth that make it impossible to tear your eyes away from the glass, because:

**You have never seen wine like this!"**

## The Vision

"No distinction is made between red wine or white wine glasses in this collection, the glasses are simply theme-based or character-based. The names of the glasses clearly explain what they are used for: You intuitively reach for the glass which presents the flavours of the wine that you particularly wish to emphasise in the best way. If you want a powerful wine to be more harmonious or a touch livelier and fresher, you pick the glass with the designation that mirrors your requirement best."

Silvio Nitzsche

## The Zieher - Food-VISION

The series VISION is predestined for wine and has been created to perfectly represent its different facets. In addition to this, the glasses offer an extraordinary platform for small delicacies or complimentary dishes from the chef.

The harmonic wavy shape of the bottom creates an eye-catching ring when filled with spume or liquids.

The depression in its centre provides space for amuse bouche or decorative highlights.

### FRESH

crystalline glass, transparent, handblown

item	Ø / height in cm	content in ml	packing unit
5480.01	8 / 24	approx. 340	2 pcs.

For extremely fresh white wines, Prosecco or any variety of sparkling wine, and light rosé wines

The wide opening of this glass allows the carbon dioxide in sparkling wines to gently evaporate. This prevents the aroma perception of the nose from being broadsided by a concentration of carbon dioxide, which is often the case with classic sparkling wine glasses. The glass provides the palate with a centralised aroma concentration, which allows the wine to express its exquisitely lively, refreshing and light character. The development of the flavour-carrying, freshly acidic structures is encouraged, and individual features of the bouquet are brought into focus.

### STRAIGHT

crystalline glass, transparent, handblown

item	Ø / height in cm	content in ml	packing unit
5480.02	9 / 27	approx. 540	2 pcs.

For pure grape varieties and fruity / aromatic red and white wines

The characteristics of the wine are reflected harmoniously one to one in this glass. The authenticity of the aroma culture of a grape variety is made discernible and presented in an unpretentious way, which makes this glass particularly suitable for all types of authentic grape varieties such as Riesling or Sauvignon Blanc. Light, aromatic red wines are transformed into pure drinking enjoyment.

### INTENSE

crystalline glass, transparent, handblown

item	Ø / height in cm	content in ml	packing unit
5480.03	10.5 / 28	approx. 640	2 pcs.

For opulent, great growth, powerful white and red wines, rustic, acidic white and red wines, young and middle aged Bordeaux wines

The tapering neck of this glass intensifies the aroma molecules, which are positively hurled out of the glass. The acidity is harmoniously structured in the fruit bouquet, and completes the opulent overall sensation of strength. The glass provides intensive oxidation, making it ideal for any wine that can be decanted or served in carafes.

### BALANCED

crystalline glass, transparent, handblown

item	Ø / height in cm	content in ml	packing unit
5480.04	12 / 25	approx. 850	2 pcs.

For white and red Burgundy, great Piedmontese wines, highly complex but sensitive white and red wines, extremely opulent rosé wines and old vintage champagne

A perfect glass for wine that is not for decanting because of its sensitive structure, but still requires a great deal of air. This crystal emanates pure consonance. Even with discordant wines, it succeeds in creating a concentrated and highly elegant impression. This glass turns wine into a complete aromatic experience, without overdoing it.

### RICH

crystalline glass, transparent, handblown

item	Ø / height in cm	content in ml	packing unit
5480.05	7 / 23	approx. 280	2 pcs.

For fortified, sweet and dessert wines and any type of distilled beverages

A glass for the majority of heavyweight or high-proof drinks. The small presentation surface ensures that the wine or brandy does not become overly concentrated, so that the heavyweight aromatic elements are released in a nuanced way. Due to the glass having a narrow opening the nose cannot go in very far, which prevents the perceiving mucous membranes from receiving a barrage of alcohol.

### NOSTALGIC

crystalline glass, transparent, handblown

item	Ø / height in cm	content in ml	packing unit
5480.06	10.5 / 16.5	approx. 250	2 pcs.

For mineral water, cocktails or as a food glass

A glass which manages to ennoble any mineral water with its extremely open chalice design, which appeals to an extensive palate. The acids and the individual, extremely fine mineral elements of the water are delivered to the tongue and the palate in a refreshing way. At the same time, the carbon dioxide is harmonised and has an extremely refreshing effect, but avoids being penetrating, flavour-destroying or intrusive.

# "Pueblo"

The stoneware series "Pueblo" reminds in its appearance of unique handmade pieces. The filigree body, organic shapes and the charming contrast between matt and shiny glaze awards the certain something to that series.

The matt outside of the plates and bowls generates a pleasantly soft haptic effect, shiny glazed insides are done in a slightly shaded white or stylish taupe colour, depending on the product. "Pueblo" can be used at a set table but also in the buffet area and adds a natural and unobtrusive quality to the dishes.

# "Ice"

The absolutely stunning plates of the "Ice" series are made of glass chips which are coalesced and compressed. This procedure allows white and transparent materials to form a most charming pattern. The horizontal look of ice floes paired with the layered structure at the edges brings to mind an ice plate freshly cut from a frozen, wintery lake.

DESIGN  
by  
ZEHER

The cloche item 4880.30 is available in the main catalogue on page 189.

Bevelled edges provide an elegant look as well as easy handling. No matter if it is used as a dinner plate or as a sushi plate, for the presentation of a variety of cheese or the staging of desserts, muted colours combined with a clear structure create a perfect basis for putting artful creations stylishly in the limelight.

Please note: Due to the material properties, minor imperfections and air inclusions may occur around the edges.

# "Vaganza"

DESIGN  
by  
ZIEHER

The filigree champagne flute is handblown and created in superior handicraft by experienced glassblowers. The result of this work is a crystal glass of highest craftsmanship.

"Vaganza" captivates by its slim silhouette and the elegant shape that bestows an exclusive character on the glass. "Vaganza" seduces by its charming lightness and adds a touch of high society to any event.
